

São Vitor High-Performance Special Flat Wick | HP-SP

Constructed of special treated cotton, Special High-Performance Flat Wicks by São Vitor are often used in pillars, tapers, decorative, votives, and tealights candles because it minimizes soot. Special High-Performance Flat Wicks feature a long strand and tight braids to inhibit carbon deposit and afterglow.

Wick Features:

Constructed from long strand, tight braid, and special treated cotton.

Designed to be used in pillars, tapers, decorative, votives, and tealights candles. Engineered to minimize soot and inhibit carbon deposit and afterglow.
